

Full-Size Matrix Variable Message Signs

The ideal choice for getting information to the public with a choice of fonts and preprogrammed graphics

- Multiple alphanumeric fonts with full matrix of pixels
- Easiest programming in the industry
- Full-color touchscreen controller
- Preprogrammed, custom and MUTCD graphics
- Easy to deploy with 360-degree display rotation

Wanco Full-Size Matrix Signs provide the greatest flexibility for displaying any type of message—text, graphics and symbols. Graphics and text can be combined in the same message.

Creating and changing messages is easy, as Wanco signs feature the easiest programming in the industry. The onboard controller has a full-color 7-inch LCD capacitive touchscreen, and signs come configured with preprogrammed standard messages and bold arrow patterns.

Unsurpassed quality, engineering and value, paired with a multitude of functions and options, make these signs perfect for any application.

To see or order a Wanco Matrix Message Sign, call **800.972.0755** or visit **wanco.com**.

- Capacitive touchscreen controller located on back of display cabinet
- Intuitive full-color interface with large “buttons”
- Safer programming at eye level
- Better traffic visibility
- Multi-level password protection and lockable control box
- Out of reach of the casual hacker
- No external wiring from controller to sign
- NTCIP compliant
