

TRAFFIX SIGN STAND FOR ROLL UP CONSTRUCTION SIGNS

PRODUCT INFORMATION

- Step-n-Drop leg feature enables you to quickly set-up the stand without having to bend over or stoop down. Simply place your foot on the release levers, step down and two legs will drop into position
- All steel construction with powder coated paint to resist rusting
- TraFFix stand's tip resistant design effectively spills the wind and holds a sign securely without heavy springs or a bulky mast
- Compact stand weighs only 20 pounds, is easy to carry and stores in small areas
- Stand can be adjusted to three height levels. Each leg can be independently adjusted for greater stability on uneven terrain
- Telescoping legs create a wider stance for added stability in high wind situations
- Single spring option available to provide greater stability in high winds
- For roll up signs only but versatile for city, utility and highway applications
- NCHRP-350 approved with roll up signs
